

WORDS CAN HELP

BY: MOHAMMED ABDEL-MOHSEN

Words aren't that simple
They tell who we are.

M.M

(1)

SOMEONE

We meet people

Then, we leave them ...

They've left an effect..

In a good way, in a bad way

In a whatever way,

They have done.

People meet us

Then, people leave us ...

We've left an effect..

In a good way, in a bad way

In a whatever way

We have done.

May the effect be weak,

May be strong,

But, it exists.

May the effect help someone,

Kill another one,

Or tell how others see the one.

So, it's really important to care

How we treat everyone.

May our words make a great one..

(2)

dream

May your dreams come true,
Just follow the values
And good morals too,
Never get depressed
Keep to go and go,
Know more about your target
Keep it in your mind
And make every thing you do
As a step forward
As everything in the world
Can go the way we want to
So , hold it well and flow
And don't let small rocks
Obstacle you
see them as a sign
Send by god, to help you
Make the rocks a ladder
That is a push for you
In the end
Your dreams will come true.

(3)

A memory

Once we see an old photo

We remember those days

We feel the air

We hear the voices,

It awakes us to ask

How we got changed

If life became better

Have we been grateful,

We remember those days of sadness,

We felt as handicapped

And they had gone,

This makes us believe

That sadness never lasts

Even happiness too ,

With this memory

We live a minute of self-assessment,

It may be a message sent by god,

To thank and pray

And to rethink of our chosen way.

(4)

Your way

Keep holding your way
Whatever others say
They don't know you
However close to you,
But don't lose them
May be they had a bad day
So they didn't know what to say,
You go on your way
They will know one day
That your dream wasn't a fairy tale,
For those support you
They deserve your gratitude
And the best attitude
They are messages to say
You are on the right way.

(5)

From the heart

Weak as we feel
May be we are right
Still can be wrong
We love the feeling
Blaming our weakness
For our mistakes
Regarding as an excuse
In the same time
We dream of being strong
Having the control
Upon our life
To have this charisma
This self-confidence
To find our way in the life
To help other's find theirs
To leave our life-print
To be strong all along
Make a decision
Feel it as a vision
By time you will get it
When it happens
Never forget the past
Be grateful till the last
And feel other's weakness
Help them to be as you
Don't let them and go.

(6)

Your painting

Like a glass of water
It's colour free..
This is the same as our life
Without this passion TO BE,
Choose your colour
Take the brush
And pay the fee,
Fees of time,
Patience,
And effort,
Make your own painting,
Draw it your way,
Hold it everyday,
It explains your vision
Your mission
In every condition,
Support it with values
And good people too
Everywhere you go.

(7)

To integrate

People are different
This is what we really know
It doesn't stop our life's flow,
We are not different to be fighting
But to integrate ,
Each has a role
To achieve some goal,
Our goals together
Like birds feathers
Complete each others,
Know your role
Find who complete it
And go for it.

(8)

A sticky note

Stick everywhere

Your ideas

Your emotions

And about what you care,

Read these sticky notes

To remember your goals

To beat bad moods,

You may find one note

Talking about some thought

You forgot you've wrote,

Stick on a wall

On a door,

One day

They'll be the best of your memories.
