About GetFreeEbooks

Launched in 1999, before the Y2K panic, this humble and small website offered free ebooks compiled from the World Wide Web.

Rapidly grown to what it is today, GetFreeEbooks.com is a site that brings both authors and readers into the world of free legal ebooks.

Thanks to authors from every genre imaginable,

the large community of readers will have endless reading resources to enjoy and journey through countless worlds.

Enjoy videos, infographics, lists, tips and tricks, what to read, book recommendations and many more!
